### **UMT AG strengthens expertise in sales & marketing and in the financial sector**

Since January 1<sup>st</sup>, Mr. Erik Nagel is responsible as CMO for the business development of the UMT AG and Mr. Ingo Nix will lead Head the capital markets.

The UMT United Mobility Technology AG (WKN 528610, ISIN DE0005286108), has extended their expertise in the business development and in the financial sector. Mr. Erik Nagel and Mr. Ingo Nix reinforce the CEO leadership team of Dr. Albert Wahl and CTO Mr. Robert Schmiedler. Mr. Nagel will take over the further development of UMT AG in the financial services segment, as well as the coordination of various sales and marketing activities of the company at the group level. Mr. Ingo Nix will reinforce the Capital Markets with his extensive knowledge and sales with its extensive network.

Mr. Nagel can look back on more than 20 years of professional experience. After successful years in business consulting and the Deutsche Bank's Inhouse Consulting, Mr. Nagel, a graduate of the European business school, was responsible as a Board Member for participation of WestLB and subsequently as head of the banking and insurance business of Sal. Oppenheim Investment Banking and Collineo Asset Management. Due to his family background in the textile retail, Mr. Nagel is familiar in addition with the retail sector and has excellent and far-reaching trade contacts at home and abroad.

"In particular, his expertise in the important fields of sales and marketing, as well as financial services, coupled with a high entrepreneurial commitment distinguishes Mr. Nagel. We are pleased, that he is on-board and he will further advance together with us the UMT AG and our Sales - Accelerator - mobile payment platform iPAYst", says Dr. Albert Wahl, CEO of UMT United Mobility Technology AG.

Mr. Nix started his career in 1991 at J.P. Morgan. Over the last 23 years, he worked for international financial institutions such as UBS, Deutsche Bank and renowned asset managers. During this time he was responsible for various positions in the investment banking, private wealth management and asset management. Mr. Nix is known for being a stock expert with passion in the small & mid-cap market, capital market expert and contact partner. "I've never seen such passion for the stock market in my professional life before. We are fortunate, that Mr. Nix brings his experience and his large network for the sake of the UMT AG", says CEO Dr. Albert Wahl.

### **About UMT AG:**

The UMT United Mobility Technology AG as listed holding company regards itself as technology holding, supporting innovative companies with a revenue oriented "Hands-On" approach. The Focus is on business ideas identified in early stages and in a further step guided to market maturity. The objective is to initiate an IPO or the disposal to corporate groups at the appropriate time. Currently the UMT has a holding in the UMS United Mobile Services GmbH as well as the UMS Italia S.R.L. and the Mobile Payment System Espana S.L. At the beginning of this year another subsidiary named iPAYst LLC was founded in Riga. Since April the UMT AG also has a holding in Delinski GmbH located in Vienna. The UMS United Mobile Services GmbH as software developer is responsible for the development of apps, especially for smartphones, within the mobility and service environment. Currently the product portfolio of the group consists of 13 products for which several patents have been registered.

The stock of the UMT United Mobility Technology AG is traded since October 2008 on the Frankfurt Stock Exchange and is today listed in the Entry Standard of the German stock exchange.
