

Company Profile

Business Description

As a publicly traded parent corporation in the FinTech sector, UMT United Mobility Technology AG (UMT) supports innovative enterprises with a highly entrepreneurial, implementation-oriented approach. UMT Group offers its customers customized services and solutions, particularly for mobile and electronic payment systems and in Blockchain and data analytics. In doing so, UMT acts as the central interface between all relevant parties, such as large retail chains, banks, bonus program providers and consumers. UMT's technology is currently live in around 16,000 stores and 71,000 points of sale. In Germany alone, more than 14 million users use UMT's mobile payment technology. This is based on the company's mobile payment and loyalty platform and the associated services, which are primarily offered using a licensing model, as white label solutions. UMT also offers its clients services throughout the value chain in connection with customer loyalty programs and smart data, as well as consulting services in connection with ICOs (initial coin offerings). With its innovative LOYAL app. UMT Group offers its users the ability to use loyalty programs efficiently, as well as a mobile payment solution which meets current standards.
